

Table 1

| Decoration | Element | Material | Composition | Disposal |
|-------------------------|-------------------|-----------------|-----------------------------------|-------------------------------|
| Blue slash rings | Slash strings | Polypropylene | | Bioenergy recycling plant |
| | Structure | Aluminium | Part post consumer | Fully recyclable |
| Whale | Body | Polystirene | | Bioenergy recycling plant |
| | Structure | Steel | Part post consumer | Fully recyclable |
| | Covering | Hessian | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Sealant | Latex | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Paint | Paint | 100% natural/ sustainably sourced | Biodegradable natural product |
| | | | | |
| Kelp Forest | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Slash strings | Polypropylene | | Bioenergy recycling plant |
| | Net | Various | Post consumer fishing net | Bioenergy recycling plant |
| Coral | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Covering | Bubblewrap | Up-cycled post consumer | Bioenergy recycling plant |
| | Sealant | Latex | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Paint | Natural | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Pearls/Bubbles | Ball pit balls | Post consumer recycled product | Fully recyclable |
| | Starfish base | Wood | FSC wood | Fully recyclable |
| | Starfish covering | Plastic bottles | Up-cycled post consumer | Fully recyclable |
| | Starfish paint | Natural | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Red light balls | Polypropylene | Up-cycled post consumer | Reusable |
| | | | | |
| Crab | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Covering | Carpet | Upcycled post consumer | Bioenergy recycling plant |
| | Sealant | Latex | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Paint | Natural | 100% natural/ sustainably sourced | Biodegradable natural product |
| Jellyfish Swarm | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Covering | Scaffold net | | Fabric recycling facility |
| | Covering | Bubblewrap | Up-cycled post consumer | Bioenergy recycling plant |
| | Covering | Ripstop | | Fabric recycling facility |
| Stack Worms | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Covering | Pool Noodles | Up-cycled post consumer | Specialist recycling plant |
| | Sealant | Latex | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Paint | Natural | 100% natural/ sustainably sourced | Biodegradable natural product |
| | Brain coral | Carpet | Up-cycled post consumer | Bioenergy recycling plant |
| | Worm tentacles | Cable ties | | |
| Single Jellyfish | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Covering | Scaffold net | | Fabric recycling facility |
| | Covering | Bubblewrap | Up-cycled post consumer | Bioenergy recycling plant |
| | Covering | Ripstop | | Fabric recycling facility |
| Angler Fish | Structure | Aluminium | Part post consumer | Fully recyclable |
| | Globe | HDPE | Up-cycled post consumer | Bioenergy recycling plant |
| | Covering | Fishing net | Post consumer fishing net | Bioenergy recycling plant |

| Decoration | Element | Material | Composition | Disposal |
|--|------------------|--------------------|-----------------------------------|-------------------------------|
| | Covering | Scaff net | | Fabric recycling facility |
| | | | | |
| Fibreglass Animals | Structure | Steel | Part post consumer | Fully recyclable |
| | Animal | Fibreglass | | Bioenergy recycling plant |
| | Paint | Natural | 100% natural/ sustainably sourced | Biodegradable natural product |
| | | | | |
| Cross Street Deep Sea Animals | Structure | Plastic bottles | Up-cycled post consumer | Fully recyclable |
| | Filling | Bubblewrap | Up-cycled post consumer | Bioenergy recycling plant |
| | Covering | Net | Post consumer fishing net | Fabric recycling facility |
| | Covering | Ripstop | | Fabric recycling facility |
| | | | | |
| Vampire Squid | Structure | Plastic bottles | Up-cycled post consumer | Fully recyclable |
| | Covering | Ripstop | | Fabric recycling facility |
| | | | | |
| Arches | Arch | Steel | Part post consumer | Fully recyclable |
| | Shimmer covering | Polypropylene | | Bioenergy recycling plant |
| | Wording | Acrylic sheet | Post consumer recycled product | Fully recyclable |
| | Clam | Polypropylene | | Bioenergy recycling plant |
| | Pearl earth | Polypropylene ball | Up-cycled post consumer | Bioenergy recycling plant |
| | | | | |
| Cross Street Bubble/Pearl Lines | Bubbles/Pearls | Baubles | Up-cycled post consumer | Bioenergy recycling plant |
| | Bubbles/Pearls | Ball pit balls | Post consumer recycled product | Fully recyclable |
| | | | | |
| Cross Street Fish | Structure | Acrylic sheet | Post consumer recycled product | Fully recyclable |
| | Covering | Plastic bottle | Up-cycled post consumer | Fully recyclable |
